

PILE DRIVER CUSTOM HOSES

Providing Flexible Industrial Solutions to Power & Lift Your World.

Pile Driving Hose

General Application

Hydraulic systems with high dynamic pressure requirements and punishing operating conditions.

Construction

Tube: Synthetic rubber, resistant to mineral, ester, vegetable and glycol-based fluids.

Reinforcement: 4 or 6 high tensile steel spiral

Cover: Composite bi-layer rubber compound, resistant to oil, weather and abrasion

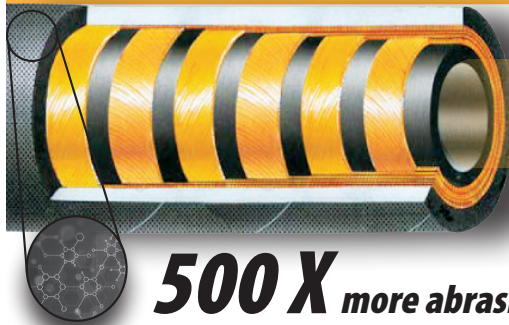

-40°C / +120°C
(+125°C Intermittent)
-40°F / +248°F
(+257°F Intermittent)

Features & Advantages

- 6K working pressure means performance even in the highest impulse systems.
- Warthog Cover offers 500X the abrasion resistance of standard cover hydraulic hoses.
- Crimped nuts on all our **JIC** fittings so there are no pins to vibrate out.
- Ready-Made assemblies in stock means quick turnaround on projects & bundles.
- High performance hose at a *great* price.

SAE 100R15 2" MAX WP. 6090 PSI

WARTHOG

PILED RIVER 6K

WITH WARTHOG COVER

500 X more abrasion resistant than a standard cover hose!

Assemblies

50' Assemblies with **JIC** fittings, are ready to bundle or ship!
